APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing appli-  
cation, and do hereby grant the same, subject to the following lim-  
itations and conditions: deny the same on the ground that the  
Applicant, after due notice given in connection with application  
No. 1800, has failed to comply with the order of the State Engineer  
in making the necessary showing of financial ability to prosecute to  
completion the works necessary to perfect this appropriation in  
accordance with law. The independent investigation of this office  
indicating that the application is speculative is therefore deemed  
and held to be correct, thus making the approval of the application  
detrimental to the public welfare.

The amount of water to be appropriated shall be limited to the  
amount which can be applied to beneficial use, and not to exceed  
cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed  
on or before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use must be filed  
with the State Engineer on or before

WITNESS MY HAND AND SEAL this 4th day of March, 1915.
